### **Connecticut Home Sales and Median Prices Rise in December**

Connecticut REALTORS® reports that the single-family residential home median sales price is \$248,750 which reflects a 3.6 percent increase from \$240,000 in that same time period last year. Median indicates that half the homes sold for more and half for less. Single-family residential home sales in Connecticut increased 2.4 percent comparing December 2016 to December 2015. The total units of homes sold were 2,958 in December 2016 and 2,888 in December 2015.

Townhouses and condominium median sales price is \$166,000 representing a 14.1 percent increase from \$145,500 in that same time period in 2015. Sales in Connecticut increased 12.4 percent comparing December 2016 to December 2015. Total units sold were 691 in December 2016 and 615 in December 2015.

Statistics released by the National Association of REALTORS® indicate total home sales nationwide (includes single-family homes, townhomes, condominiums and co-ops) increased 0.7 percent comparing December 2016 to December 2015; and the median national home sales price is \$232,200. Regionally, Northeast home sales increased 2.7 percent in that same time period; with a median sales price of \$245,900.

Connecticut REALTORS® is a statewide trade association representing over 16,500 real estate professionals engaged in all aspects of real estate in Connecticut. The term REALTOR® is trademarked and denotes membership in the National Association of REALTORS®. Statistics are from multiple listing services throughout Connecticut and reflect properties that are openly marketed for sale. These will vary from statistics that represent all sales including family transfers, private sales, etc. that are inclusive of property prices not driven by market demands.
